Our warranty covers all hardware problems you might have with your computer short of physical abuse and acts of God. Computer Depot will replace any defective part during the warranty term with no charge to you. **This warranty does not cover** software issues such as corrupted operating systems or Virus/Spyware issues.

This is only a sample of the systems that we can build.

We specialize in custom building systems to the customer's specifications while offering the lowest price possible and the highest degree of customer satisfaction. We want you to be happy, let us know what you want and at what price you are going to buy it. Don't be surprised if we agree!
